

## Horizons Synthesizer

- 3 Main Oscillators
- Seamless transition between *Sine*, *Triangle*, *Saw*, *Square* and *Pulse-Width* waveforms
- Stereo Noise Oscillator with Pre / Post Filter control
- Per voice key-tracked High-Pass and Low-Pass filters on each oscillator
- 5 Main Filter types: LP24, LP12, LP6, BP and HP
- Pre / Post Filter Driver
- 3 Envelopes with Curve, Scale and Rate controls
- 3 LFOs with 7 shapes. *Sine*, *Triangle*, *Square*, *Saw*, *Exp Saw*, *Random* and *Drift*
- Key-track, Unipolar and Gate controls on each LFO
- Global Matrix modulation
- Chorus, Reverb, Delay and Flanger FX with deep controls
- Pre / Post FX Compressor
- Poly / Mono, Legato, Phase Retrigger, Bend-Range, Glide and Analog modes
- CV modulation functionality

# Horizons Synthesizer

## Oscillator Overview.
